IMPORTANT NEWS ABOUT OUR RECYCLABLES PICKUPS

To: All Hampton Meadows Residents

From: S.S. Maguire Management

Date: June 2, 2011

Re: Town-Enforced Upcoming Recycling Changes at Hampton Meadows

Please be advised and reminded that there will be changes to the pick-ups of our recycling materials at Hampton Meadows in the month of June and thereafter. If you have not seen or read the latest minutes of the changes to the recycling pick-ups, this memo is to alert you of these upcoming changes.

Due to the fact that the Town of Hampton (who has been the contractor picking up the recyclables every week) will no longer provide this service to Hampton Meadows after June 13th, 2011. Therefore, the Board of Directors has agreed to hire Waste Management (current provider of rubbish pick-ups) to continue the recycling pick-ups for Hampton Meadows.

In addition to the change of contractors there will also be a change in the number of pick-ups per month. Currently, your recyclables are picked up weekly. This will change.

After June 13th the recyclables will only be picked up every other week.

So, your last weekly pick-up will be Monday, June 13th. The next recycling pick-up will occur on Monday, June 27th and then every other week thereafter. **Do not place your recyclables out on June 20th as no one will pick them up until June 27th.**

Extra green bins: If needed, call Jason Avery at Waste Mgmt (603-247-7804). He'll take orders for bins to be delivered. Cost is \$5/bin, payable by Unit Owners

Please call the Management Office with any questions at 603.868.1262.

Thank you for your advanced cooperation!
